Launching the Grand Coalition: The 2005 Bundestag Election and the Future of German Politics

Launching the Grand Coalition: The 2005 Bundestag Election and the Future of German Politics

This edited volume, which brings together the leading experts in German politics from around the US and Germany, combines rich descriptive data with insightful analyses regarding one of the most dramatic and important election years in postwar Germany. A variety of more specialized issues and perspectives is addressed, including the transatlantic relationship, EU policy, voting behavior and far Right parties. This book will be essential reading for students of German, European and comparative politics.
