Venture capitalist Gabrielle Landrieu represents a client who has developed material necessary for an orbiting solar power station called Project Odyssey. But when the client goes missing, Gabrielle testifies on his behalf before a congressional committee that is considering funding for the project. Despite her best efforts, the committee remains gridlocked, heavily influenced by special interest groups who are concerned the new power station will hurt their bottom line.

Following the hearing, Gabrielle finds her family under threat from dark forces as she continues her search for her missing client. Struggling to navigate the political pitfalls of the project, she soon learns that more and more investors are dropping out, due to threats and uncertainty. Undaunted, she digs deeper, until she discovers who is planning to fill their pockets through a shocking conspiracy designed to derail the program. Gabrielle risks her family, her career, and her life to expose the sinister plot involving corrupt politicians and corporate interests, devoted to making sure the revolutionary energy project gets off the ground.

From political intrigue to exciting aerospace technology, Project Odyssey is a nonstop high-tech thriller that will engage you with one of the most critical environmental issues of our time.
