33 Valentines by Stephanie Monahan

All Sophie wants for her thirty-third year is a calendar without a February—and without a Valentine's Day. The unlucky month haunts her with regrets, loss, and missteps she can never take back. But this year, she's determined to make a change— and she's going to start with telling her best friend, Sam, how she feels about him. But February isn't making it easy for her. Sam's got a date with his dream girl, and Sophie finds herself in the hospital. Then there's her father, who has a surprise that's about to turn her world upside-down, and her little brother, who doesn't seem to have any room for her in his life. While everyone else seems to be living life, Sophie is stuck in neutral. Now, Sophie must come to terms with everything that's holding her back in order to fight for what she wants before she loses the chance to turn her luck around.
