Sheri S. Tepper

Fish Tails: A Novel (Plague of Angels series Book 3) Sheri S. Tepper

In her 35th novel, science fiction master Sheri S. Tepper boldly weaves together the storylines of eleven of her previous works—from *King's Blood Four* (1983) to *The Waters Rising* (2010).

In *Fish Tails*, two of Sheri S. Tepper's beloved characters—Abasio and Xulai (*A Plague of Angels* and *The Waters Rising*)—and their children travel from village to village scattered across the sparsely populated land of Tingawa. They are searching for others who might be interested in adopting their sea-dwelling lifestyle.

Along their journey they encounter strange visitors from the far-off world of Lom, characters from Tepper's nine-book *True Game* series of novels—Mavin Manyshaped, Jinian Star-eye, and Silkhands the Healer—all of whom have been gathered up by an interfering, time-traveling, rule-breaking do-gooder to do one last good deed on earth before its metamorphosis is complete. For the waters are rising and will soon engulf the entire planet, transforming it utterly and irrevocably.
