Walden

Henry David Thoreau

Walden Henry David Thoreau

An American masterwork in praise of nature, self-reliance, and the simple life

I went to the woods because I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach, and not, when I came to die, discover that I had not lived.

In 1845, the transcendentalist Henry David Thoreau moved from his home in the town of Concord, Massachusetts, to a small cabin he built by hand on the shores of Walden Pond. He spent the next two years alone in the woods, learning to live self-sufficiently and to take his creative and moral inspiration from nature. Part memoir, part philosophical treatise, part environmental manifesto, *Walden* is Thoreau's inspirational account of those extraordinary years and one of the most influential books ever written.

This ebook has been professionally proofread to ensure accuracy and readability on all devices.
