*Help students lead with their strengths and gain a deeper understanding of concepts!*

This updated edition of the bestseller demonstrates how to optimize achievement by using brain-based strategies that address students' social/emotional, cognitive, and physical learning preferences. The author offers graphic organizers, current research on memory, and new charts to help implement differentiated strategies, and also provides:

- An explanation of how the brain processes, stores, and retains information
- Pre-assessment strategies for each learning style
- “Reflect and Connect” questions for teacher self-assessment
- Learning and memory tips for students
- Exit cards, or quick assessments of what students have learned
