## **Holding Ground: Game Birds, Gun Dogs, Friends, and the Land in Between** Sam Lucy

Sam Lucy has been hunting upland birds and waterfowl for 30 years and now characterizes his avocation this way: It's a lot more about friendships shared and the dogs. Hunting has become more pretty places and the silence and the rawness of the birds themselves. It has also become the great celebration of eating their wild goodness, more than the numbers bagged. In this collection of stories, Lucy writes about everything from a noble Lab's final retrieve, to the halting steps of a young setter with a nose full of grouse scent, and the homecoming of a young woman reconnecting with her past.
