## The Industrial Geography of Italy (Routledge Library Editions: Economic Geography)

At the time this book was originally published in 1985 Italy was one of Europe's leading industrial nations. This volume provides a comprehensive overview of Italian industry during the 1980s. It introduces Italy's physical and human resources and outlines the historical development of the industry. It then examines the major sectors of Italian industry and then describes the different regions of the country and the striking differences between them are explored and discussed.
