Every once in a while, when the world around us starts to lose its charm, children with their infinite wisdom teach us not to 'postpone life'. These little 'life coaches' with their 'never say die' attitude and their unblemished view of the world give us that little push we need to live our lives the way it is meant to be lived.

Bringing Up Mommy is collection of real life events adapted from my blog. Some of the stories will tickle your funny bone, some will move you to tears, some will compel you to think, while some will leave you with a warm happy feeling. This book is filled with a plethora of emotions and experiences, at every turn there are surprises some pleasant some unpleasant, but each one inspiring you to be the best person you can be every single day.

This book is about believing that every morning can be the first day of the life you want to create for yourself. It is about making memories, driving back 30 kms for a hug, believing in magic, about being generous enough to love yourself. It is about your daily dose of love, laughter and joy. Did you get your dose today?
