Build Your Own TEXAS HOLDEM POKER TABLE Pattern DIY PLANS; So Easy, Beginners Look Like Experts; PDF Download Version so you can get it NOW! Peter Harrington

This is a complete set of plans for my favorite Classic Texas Holdem Poker Table.

The Poker Table Upon Completion includes:

- 1) Attractive and decorative Design.
- 2) Level, Sturdy, and Strong Design.
- 3) Height that is at the most comfortable Design.
- 4) Popular Race Track Design that fits up to 10 Players.
- 5) Step by Step and easy directions with diagrams for every step.
- 6) Blueprint like patterns; Larger Diagrams for those important Steps.
- 7) Complete Materials List and Pattern that uses only 2 sheets of plywood!
- 8) Designed by an Experienced Expert Wood Worker with over 20 years of experience!
- 9) Continued Technical Support from Me “WoodPatternExpert”; 20 Years of Experience!

My instructions with large size blueprints are designed as a construction project for the beginning woodworker. Extensive attention is given to speed and ease of construction, with a minimum of tools. A great Poker Table can be built with just a jig saw, and drill. Directions are aimed at the beginning woodworker, but should not bore even an experienced carpenter.

WARNING: Your Buddies Will Love This Poker Table Design. Just about everyone who sees it will want you to build one or more, for them. (That's the reason I decided to write these plans.) Unlike most plans out there, you will be able to understand these! I have looked at others and I guarantee they are not as good as my plans!

The plan features:

- 14 pages containing very detailed, step by step instructions.
- Each step includes diagrams and or photographs to assist in the construction process.
- 6 Large Blue Print patterns that makes construction so easy a “caveman could do it”!
- Built entirely from ¾” Thick Plywood or any thickness you prefer.
- Tips, Tricks and Notes that allow you to trace and cut without error the first time.
- Can be built with just a jig saw, and drill.
- This project plan is designed for the beginning woodworker, but should not bore even the most experienced carpenter.
