Sociedades comparadas: Un pequeño libro sobre grandes temas (Spanish Edition) Jared Diamond

**El multipremiado profesor Diamond divulga los resultados de su apasionante estudio.  
¿Qué se puede aprender sobre las grandes cuestiones de las ciencias sociales a través de la observación?**

Jared Diamond comenzó su carrera académica como naturalista: observaba a los pájaros y deducía reglas de su comportamiento. Cuando cambió de foco y empezó a estudiar organismos complejos como las sociedades humanas, no cambió de método, y en este breve libro explica cuánto se puede aprender a través de este procedimiento.

En siete breves capítulos explica por qué unos países son pobres y otros ricos, cómo influyen las instituciones en la prosperidad, la influencia de la geografía en el devenir de China frente al de Europa, el papel de las crisis nacionales, y los grandes problemas que el mundo afronta hoy en día.

**Un libro fascinante que en pocas páginas compone una lección magistral sobre las grandes cuestiones de la actualidad y qué lecciones podemos sacar de las ciencias sociales para afrontarlas.**
