Mucho de lo que Colombia ha vivido en los últimos sesenta años es descrito por investigadores y académicos como la Violencia (así, con mayúscula), período cuyo punto de partida establecen tras el asesinato del líder liberal Jorge Eliécer Gaitán, el 9 de abril de 1948. Guerras bipartidistas y bandolerismo a lo largo de los años cincuenta; movimientos guerrilleros de diversas características entre los sesenta y setenta; carteles del narcotráfico, terrorismo, grupos paramilitares y bandas criminales en las décadas posteriores, son el telón de fondo de esta sobrecogedora investigación centrada en la vida de Víctor Manuel Carranza, alias "el Patrón", llamado también el zar de las esmeraldas. Sobreviviente de tres guerras por el control del negocio de las esmeraldas que dejaron casi seis mil muertos y de atentados cinematográficos, acusado entre otros delitos de conformación de grupos paramilitares, homicidio, secuestro extorsivo y secuestro simple, amigo y recolector de votos de varios ex presidentes, acreditado por las revistas especializadas como un poderoso empresario, Carranza tiene uno de los expedientes más voluminosos que se puedan encontrar en los archivos de la Justicia colombiana. Este libro recoge algunos de esos numerosos procesos judiciales, así como las reiteradas declaraciones que los ex jefes paramilitares han hecho ante la Unidad de Justicia y Paz de la Fiscalía, y la información suministrada a los autores por instituciones oficiales con el fin de arrojar algo de luz sobre un caso que, al parecer, se mantiene cobijado por la más asombrosa impunidad.
