More and more Wiccan families are looking for specific advice about raising their children in the faith. Here is the first book to give parents the means to teach Wicca in a more formal fashion than just "chatting with the kids" around the kitchen table. Featuring a Wiccan curriculum for each of the five age groups, Raising Witches offers a variety of sample lessons and both a structure and a prototype for readers who want to develop "Sun Day School" or "Moon School" classes. There's also the material you would expect-This book includes charms, spells, songs, and guided meditations in addition to practical ideas for educational activities. It includes a glossary and a recommended reading list as well. Featuring detailed discussions of how children grow and learn so that Wiccan parents can teach their Tradition effectively, Raising Witches finally gives parents the means to communicate the rudiments of their faith to their children.
