## Harbinger: What's in a Code Name? (Kindle Worlds Novella) Tee Morris

*“He could still see her face, her eyes. And her hair. The way it flowed around her when she pulled up a storm around her. Daniel kept trying to refer to this husk in front of him as ‘Saturn’ but she never liked her code name... ‘Ion,’ he said, ‘now is not the time to mourn our fallen. That time will come, but not tonight.’”*

Harbinger Institute senior student, Daniel Hessler (age nineteen, code name “Ion”), watches fellow Anoisabushi, Susan Adams (age nineteen, code name “Saturn”), die at the hand of Toyo Harada in order for the founder and leader of the Harbinger Institute to save himself following a savage attack from Bloodshot. Standing over Susan’s still, lifeless body with his master calling out to him, Daniel finds himself questioning everything Harbinger and Harada has been teaching him.

Tee Morris’s *What’s in a Code Name?*, a stand-alone sequel to *Harbinger Wars # 2*, is another thrilling instalment in the Harbinger series.
