Janelle's mother is bipolar, and her dad is a workaholic FBI agent, which means Janelle also has to look out for her younger brother.

And that was *before* she died...and is brought back to life by Ben Michaels, a mysterious, alluring loner from her high school. The more Janelle tries to figure him out, the more she starts to believe he's connected to a case her father is working on. The one where people are dying of radiation poisoning and the body count is rising. The one that involves a strange clock that seems to be counting down to the earth's destruction. If Janelle wants to stop the clock and save the world, she has twenty-four days to uncover Ben's secrets--and keep from falling in love with him.
