Alaska Adventure Guide Melissa DeVaughn

The author has worked to answer all your questions about travel and recreation in a state so remote. This guide attempts to target your interests and save you time, money, and effort so that nothing is wasted during your trip.

Because Alaska is so big and your options so varied, the guide is organized so you can zero in on the activity or activities that appeal to you most. Thirteen chapters focus solely on adventure travel, each devoted to a single activity.

The five regional chapters that follow focus primarily on the basics in a given area of the state: getting around, shopping, lodging, dining, and entertainment. Once you've chosen the adventure of your dreams, you can go to the appropriate regional chapter to get the scoop on the best places in the vicinity to stay, eat, buy gear, rent a car, and learn about local culture and history.

Outdoor travelers also are likely independent travelers. A multitude of companies offer exciting-sounding jaunts to scenic places all over the state, but many of these outfits work only with tour providers, such as cruise-ship operators, to obtain large numbers of clients per trip—thus excluding people who wish to travel on their own. In this guide, all our listings are available to independent travelers as well as those in tour groups.

The objective is not to provide the most information about destinations or attractions, but, rather, the most *useful* information. The guide is opinionated, and for good reason. Any destination or outfitter listed here has made the cut by proving itself a wonderful place to visit or a reliable company with which to do business. If, for example, you want to learn more about sea kayaking in Alaska, you will not be supplied with every operation in the business—and believe us, there are many of them competing for your dollars. What you will get is a select assortment of those we consider best, and why. After all, isn't the point of a guidebook to help you make the most informed choices?

From reader reviews:

Nora Mickey:

Reading a e-book can be one of a lot of task that everyone in the world enjoys. Do you like reading book therefore. There are a lot of reasons why people fantastic. First reading a reserve will give you a lot of new data. When you read a reserve you will get new information since book is one of several ways to share the information or maybe their idea. Second, examining a book will make an individual more imaginative. When you reading through a book especially fictional works book the author will bring one to imagine the story how the personas do it anything. Third, you could share your knowledge to some others. When you read this Alaska Adventure Guide, it is possible to tells your family, friends as well as soon about yours e-book. Your knowledge can inspire the mediocre, make them reading a publication.

Marlyn Melia:

Playing with family within a park, coming to see the sea world or hanging out with pals is thing that usually you will have done when you have spare time, subsequently why you don't try point that really opposite from that. Just one activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Alaska Adventure Guide, you may enjoy both. It is fine combination right, you still wish to miss it? What kind of hang type is it? Oh can occur its mind hangout folks. What? Still don't buy it, oh come on its named reading friends.

Irene Carpenter:

Is it you who having spare time then spend it whole day simply by watching television programs or just telling lies on the bed? Do you need something new? This Alaska Adventure Guide can be the response, oh how comes? A fresh book you know. You are therefore out of date, spending your extra time by reading in this brand new era is common not a nerd activity. So what these guides have than the others?

Andre Barrett:

As a scholar exactly feel bored for you to reading. If their teacher expected them to go to the library in order to make summary for some e-book, they are complained. Just small students that has reading's internal or real their passion. They just do what the professor want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Alaska Adventure Guide can make you really feel more interested to read.
