**Democracy in America (Hackett Classics)** Alexis De Tocqueville, Sanford Kessler, Stephen D. Grant

This new abridged translation of *Democracy in America* reflects the rich Tocqueville scholarship of the past forty years, and restores chapters central to Tocqueville's analysis absent from previous abridgments-- including his discussions of enlightened self-interest and the public's influence on ethical standards. Judicious notes and a thoughtful Introduction offer aids to the understanding of a masterpiece of nineteenth-century social thought that continues in our own day to illuminate debates about the roles of liberty and equality in American life.
