The Pot Thief Who Studied Ptolemy (The Pot Thief Mysteries Book 2) J. Michael Orenduff
To steal back a collection of missing pots, Hubie must break in to a high-end high rise

Pot thief Hubie Schuze is back, and this time his larceny is for a good cause. He wants to recover sacred relics lifted from San Roque, a mysterious pueblo that is closed to outsiders. Usually Hubie finds his pottery a few feet underground—but these artifacts are one hundred fifty feet above the New Mexico soil, on the top floor of the Rio Grande Lofts.

Hubie will need all his deductive skills to craft the perfect plan—which is thwarted when he encounters the beautiful Stella. And then he is arrested for murder. That tends to happen when you are in the room with the body, with blood on your hands. Follow Hubie as he stays one step ahead of security toughs, one step behind Stella, and never too far from a long fall.

The Pot Thief Who Studied Ptolemy is the 2nd book in the Pot Thief Mysteries, but you may enjoy reading the series in any order.
