Militainment, Inc.: War, Media, and Popular Culture Roger Stahl

Militainment, Inc. offers provocative, sometimes disturbing insight into the ways that war is presented and viewed as entertainment—or "militainment"—in contemporary American popular culture. War has been the subject of entertainment for centuries, but Roger Stahl argues that a new interactive mode of militarized entertainment is recruiting its audience as virtual-citizen soldiers. The author examines a wide range of historical and contemporary media examples to demonstrate the ways that war now invites audiences to enter the spectacle as an interactive participant through a variety of channels—from news coverage to online video games to reality television. Simply put, rather than presenting war as something to be watched, the new interactive militainment presents war as something to be played and experienced vicariously. Stahl examines the challenges that this new mode of militarized entertainment poses for democracy, and explores the controversies and resistant practices that it has inspired.

This volume is essential reading for anyone interested in the relationship between war and media, and it sheds surprising light on the connections between virtual battlefields and the international conflicts unfolding in Iraq and Afghanistan today.

Garth McDonald:

On this era which is the greater man or woman or who has ability in doing something more are more special than other. Do you want to become one of it? It is just simple method to have that. What you have to do is just spending your time little but quite enough to get a look at some books. Among the books in the top list in your reading list is definitely Militainment, Inc.: War, Media, and Popular Culture. This book which can be qualified as The Hungry Inclines can get you closer in becoming precious person. By looking upward and review this e-book you can get many advantages.

Sallie Farris:

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library or even make summary for some guide, they are complained. Just small students that has reading's soul or real their hobby. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important, boring and can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach

Chinese's country. Therefore this Militainment, Inc.: War, Media, and Popular Culture can make you experience more interested to read.
