Ethical reflection about sexuality is increasingly controversial, complex, and conflicted. After centuries of conflicting messages from the tradition, Christians are understandably confused about how exactly the good news pertains to sexuality. Using a series of provocative questions, Marvin Ellison, a pioneer in contemporary Christian rethinking of sexuality and sexual ethics, attempts to increase readers' skills and confidence for engaging in ethical deliberation about sexuality. Redrawing the conventional, rule-based sexual morality, often rigidly and legalistically applied or broadly ignored, entails transcending fear and shame to redraw the sexual map, he argues. Ellison works to affirm a more relationally focused ethical framework, from which to deliberate about premarital and extramarital sex, marriage and divorce, homosexuality, contraception, abortion, spousal abuse, and sex-education. Students and all adults will welcome this book for enabling their personal clarity, approach to relationships, and mindful participation in respectful moral debate.
