Costello-Sullivan has compiled a student-friendly version of Sheridan Le Fanu's 1872 vampire tale, "Carmilla." This critical edition includes an introduction by the editor, a timeline, a short biographical sketch of the author, a selected bibliography, and four original, scholar-authored essays that explicate the novella for an undergraduate audience. This work situates "Carmilla" within its Irish cultural milieu and treats the text as self-standing rather than as a precursor to Dracula.
