**En la mente de un gato (DIVULGACIÓN) (Spanish Edition)** John Bradshaw

Desde hace 10.000 años este felino ha acompañado el periplo del ser humano por el mundo sin dejar alimentar mitos. Y sin embargo, las últimas investigaciones sobre su ADN han demostrado que, a diferencia del perro, todavía no ha sido domesticado del todo. Quizás por eso incluso los mayores amantes de estas mascotas son incapaces de entender del todo su lenguaje corporal o su comportamiento ni saben cómo convivir con sus instintos más primarios. Con un estilo directo y ameno, el zoólogo John Bradshaw repasa magistralmente los últimos descubrimientos científicos sobre los gatos y su increíble historia a través de los siglos.

**Una visión fascinante de la mente felina y su evolución física hasta nuestros días.**
