The Man behind the Queen: Male Consorts in History (Queenship and Power)

The Man behind the Queen: Male Consorts in History (Queenship and Power)

From the fourteenth-century king consorts of Navarre to the modern European prince consorts of the twentieth century, the male consort has been a peculiar yet recurrent historical figure. In this impressively broad collection of essays on male partners of female monarchical rulers, leading historians of monarchy analyze how consorts have obtained and wielded power, how gender affected their perceived role, what sort of influence they were able to wield and attract politically and at court, how they defined themselves in the male gendered spheres of the arts or war, and more generally, the extent to which they contributed to the changing ideal and reality of royal families and dynasties over the centuries.

This kind of book was represented how do the world has grown up. The words styles that writer use to explain it is easy to understand. Typically the writer made some research when he makes this book. That is why this book suitable all of you.

Robert Thompson:

As a pupil exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some e-book, they are complained. Just small students that has reading's internal or real their passion. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that studying is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this The Man behind the Queen: Male Consorts in History (Queenship and Power) can make you sense more

interested to read.
