Easy Economics: A Visual Guide to What You Need to Know Leonard Wolfe

Let's face it, economics can be boring...but we all need a decent understanding of the basics if we want to survive in these difficult and uncertain times. Let's make it more interesting. *Easy Economics* isn't packed with reams of text or stacks of numbers, this book is visual and engaging. The book aims to bring you up to speed, in a way that entertains while it informs, through a collection of many of the most frequently asked questions--plus some you probably haven't thought of--on the subject of economics. The topics range from:

- The difference between Debt and Deficit
- Causes and cures of recessions
- The Financial Crisis of 2007-2009 explained
- Is globalization good or bad?
- How fiscal and monetary policies differ
- Bubbles and Busts

Unlike so many other books on the subject, it explains through a Q & A format with entertaining and informative illustration, providing material that many people ordinarily find uninviting and even intimidating in an easy-to-digest, appealing way.
